

EYFS Pick and Mix– Summer Term 2 2021

What to do:

All **underlined** activities need to be done regularly each week.

All ☆ activities need to be done at some point in the term.

Choose 1 😊 activity to complete at some point during the term.

Challenge yourself to 🦋 activities. These do not have to be done, but if you want to push yourself, that would be super!

All work will be shared and celebrated in class. Please complete by Wednesday.

Traditional Tales/Around the World

Reading

You should be reading with your child daily using the books provided in their book bag or using their reading buddy log in. These can be found in their planner. We will be setting writing and maths activities on **Google Classroom** for your children to complete alongside the Pick and Mix activities.

☆	<p>Personal, Social and Emotional Development</p> <p>It will not be long until your time in Foundation comes to an end and your adventure in Year 1 starts. Make a video or create an all about me poster to send to your new teacher, telling them lots of information that they might need to know including your name, how old you are and things that you like.</p>		🦋	<p>A Family Learning Activity</p> <p>Around the world, different cultures enjoy eating different food. Have a go at trying different foods from around the world and tell us what you think about them. Did you like them? Did you not like them? Would you eat them again? You may wish to complete this over a few weeks.</p>	
☆	<p>Communication and Language</p> <p>We are learning all about Traditional Tales this term. Retell your favourite Traditional Tale to your grown up and make video to share with your friends if you would like. You could make puppets to help you act out the story or just retell the story on your own.</p>		☆	<p>Mathematics</p> <p>Little Red Riding Hood took 5 oranges and 4 apples in her basket to give to Grandma. How many pieces of fruit did she have altogether?</p> <p>Have a go at creating and answering your own traditional tales word problems. You could even challenge yourself by having a go at some subtraction word problems.</p>	
😊	<p>Physical Development</p> <p>Around the world, different countries have traditional dances that they like to participate in. Find out about a dance from a different country and try to learn some of the moves they do. Take a video if you would like and upload it to Google Classroom so we can see!</p>		😊	<p>Expressive Arts and Design</p> <p>Flags from around the world are often very bright and colourful. Use different art materials that you might have at home to create flags from around the world. You can choose any flag you like. You could even choose a flag from a country that a family member has visited or lives in!</p>	

Dear Parents

This homework sheet is for the whole of this half term. The children can choose which activity they would like to do. When the activity has been completed please post a photo on Google Classroom for your children to show their friends.
